TIPS

Each board is unique. To appreciate the distinctive character of a board, look at the contextual information to understand the features and characteristics of the community it serves.

This test captures the performance of students at one point in time each year. Consider the results along with other information about students' performance.

Exercise caution when interpreting results for small boards. Results may vary considerably from year to year, and differences may look exaggerated. For example, in a board of 100 students, a difference of 10% represents only ten students.

Trends may be difficult to identify or to interpret. This is especially true in small boards or in schools where there is a high turnover in the

[†] Contextual data are based on information provided by schools and/or boards through the Student Data Collection process.

* See Explanation of Terms.

** Percentages are based on fully participating students. In 2016–2017, percentages were based on students who participated in the March administration, which offered all permitted special provisions and accommodations. These data were collected through EQAO's Student Data Collection system.

§ Beginning in 2017–2018, the special provisions category includes extended periodic supervised breaks only.

^{††} Contextual data pertaining to "language" are gathered from the Student Questionnaire completed by students.
